

January 9th 2017: PRODUCT STATUS NOTIFICATION – LoPro[®] Stock Code Update

Bishop-Wisecarver Corporation is informing you of the recent change in the product stock code for the LoPro[®] product line. This change is an effort to simplify the naming conventions of LoPro[®] for our customers and to support additional product configuration options. The LoPro[®] product numbering scheme will now reflect options for several different drive systems, multiple wheel options and also two options for system materials. **Please reference the below chart for the updated LoPro[®] product stock code**

Current Order Example

LP B 1Z C W C Z R A A 9000 = LPB1ZCWCZR AA 9000

LoPro, Belt, Size 1 Carbon Steel, Wiper Wheel Plate, Carbon Steel Wheels, No Sensor Flags, Right Hand Output Shaft, Aluminum Beam Mounted, Version A, 9000mm Travel Stroke

Former Order Example

LP 3 W B (blanks) A CR V5, 2500, L = LP3WBACRV5, 2500, L

LoPro Size 3, Wiper Wheel Plate, Belt Driven, Single Shaft, Aluminum Support Beam, Corrosion Resistant, 2500mm Carriage Travel, Shaft Position Left
